A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with over work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, despondent, frequent headaches, pain or distress in "small of back," gnawing or distressed feeling in stomach, perhaps nausea, "risings" or sour "risings" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than Doctor Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle-wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised.

Don't accept a substitute of unknown composition for this non-secret MEDICINE OF KNOWN COMPOSITION.

Quick as a Wink

That exactly expresses it. Just as quickly as you can stir the contents of one package of

Jell-O

THE DAINTY DESSERT

into a pint of boiling water, you will have prepared a dessert which will surprise and delight all who taste it. When it has become cold it will jellify and be ready to eat. For a more elaborate dessert try the following:

Banana Cream.

Peel five large bananas, rub smooth with five teaspoonfuls of sugar. Add one cup sweet cream beaten to a stiff froth, then one package of Lemon Jell-O dissolved in one and one-half cups of boiling water. Pour in mold or bowl and when cold garnish with candied cherries. Serve with whipped cream.

COSTLY CLUB.

Very few people know that E. H. Harriman, the railroad magnate, has established one of the costliest clubs in the country near Middleburg, in Loudoun county.

As a rule the members of the club keep to themselves and live in their clubhouses and have no association with the people of the county. All went smoothly, however, until a few days ago when the club gave a dinner to the farmers over whose lands they hunt to hounds and, it is reported, that an open rupture occurred because Harriman and others dined in a separate dining-room and some of the guests left angry.

The club is exclusive and consists of Mr. Harriman, his two daughters, Miss Katherine Elkins, daughter of Senator Stephen B. Elkins, and four wealthy New Yorkers. It costs $10,000 to join and $3,000 a year for dues. One popular move of the club was to pay farmers for all chickens killed by foxes or other depredations of these animals.

The railroad magnate visits his hunt club frequently during the year. He usually comes in his private car, and he and his daughters and the other members spend a week hunting the wily fox over the hills and fields of Loudoun.

Two packs of thoroughbred hounds are maintained by the club, each including 100 fine dogs. The club has a stable at Middleburg and one at The Plains, and they contain some of the very finest horses in America. A score or more of grooms and stableboys are employed the year round.

The country around Middleburg is the finest hunting ground in Virginia and has been visited by wealthy huntsmen from New York and elsewhere for years. The people are all well satisfied to have the club, as the $24,000 in dues paid by the eight members is spent there, but it will be a long time before they get over what they consider an affront from the club members.

Attack of Diarrhoea Cured by One Dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

I was so week from an attack of diarrhoea that I could scarcely attend to my duties, when I took a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It cured me entirely and I had been taking other medicine for nine days without relief. I heartily recommend this remedy as being the best to my knowledge for bowel complaints.—R. G. Stewart, of the firm of Stewart & Bro., Greenville, Ala. For sale by W. F. Creighton & Co. and Gibson & Timberman.

Health in the Canal Zone.

The high wages paid makes it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, billiousness, weakness and all stomach, liver and kidney troubles. Guaranteed at E. S. Leadbeater & Son's drug store. 50c.

MURDER OF MRS. RORSCHACH.

Many witnesses testified at the coroner's inquest at Portsmouth, yesterday evening, when Dr. Gray O. Holladay, city coroner, inquired into the tragic death of Mrs. Mary Lawless Rorschach, who was slain by a burglar Tuesday morning last at her residence, in Park avenue, Park View.

The most recent development in the murder was the information procured from Mrs. Caroline Davis, whose residence is directly in the rear of the Rorschach premises. She said that on the morning of either September 2 or 3 she saw two men in the rear of the Rorschach premises, between 3 and 4 o'clock. Mrs. Davis describes the men as negroes, one a tall mulatto, the other a dark man. She states that the mulatto was attempting to force an entrance into the Rorschach house when the black man who watched for him, discovered her looking from her window at them. Mrs. Davis wished to fire at the men, but was prevented by her husband.

She saw the tall mulatto on other occasions near the Rorschach residence, and once she saw the same man attempt to enter another house near it. The description given by Mrs. Davis of the mulatto tallies exactly with that of Thos. Archer, who is confined in the city jail suspected of the crime.

Trolley Conductor Vick testified that the night Mrs. Rorschach was murdered he saw a mulatto acting in a suspicious manner near the Rorschach residence. Another development in the murder is a letter written by Archer since his confinement in jail to his mother and intercepted, in which he told her how to testify at the coroner's inquest. He dictated that she tell the jury that he retired that night between 9 and 10 o'clock, and that while sitting about his home he set his watch when the gun on the United States receiving ship Franklin fired at 9 o'clock.

An American Stage Beauty

SAVED HER HAIR WITH

NEWBRO'S HERPICIDE

She writes as follows to the Herpicide Co.:

"For the past two years I played a part that necessitated the wearing of a wig. My scalp would perspire under the wig and it was not long until dandruff made its appearance and constantly grew worse. I used every remedy I could find to rid my head of it, but all to no avail. I finally decided to give Newbro's Herpicide a thorough trial.

I cleaned and dried my hair before applying Herpicide and after three or four applications I was delighted to see the dandruff disappear and my hair is now as nice as ever.

I could not be without Herpicide and I can recommend it most highly and believe it will do all that is claimed for it."

Respectfully,

A Leading Richmond Barber Writes That His Customers Are Pleased With Herpicide:

More men and women have gotten positive results from the use of Newbro's Herpicide than from all other hair remedies combined.

PURE BLACKBERRY WINE

SATURDAY EVENING, SEPT. 14, 1907.

A PAPER prepared by Surgeon General Rixey, of the U. S. army was read on Thursday before the International Dermatological Congress in New York in which he exploded the accepted theory that mosquitoes are mainly responsible for malaria. He declared that at Samoa, where men of the navy are frequently bitten by mosquitoes, no malarial diseases are reported on shipboard, although common among the natives. He explained that the sailors stationed there drink distilled water. Will the other doctors by reason of Dr. Rixey's paper, abandon a theory which has held for over a decade, or will they adopt Dr. Rixey's ideas. When doctors disagree who will decide?

THE question of whether trial by jury is to hereafter become an institution on the canal zone is to be tested by the Supreme Court of the United States in the interest of an undeserving black West Indian employe who never before heard of a bill of rights. He poisoned his wife because she insisted upon him dropping his "affinity" after her arrival. It was a clear case and three judges found him guilty and sentenced him to be hanged but, through "principle," Congressman McCall, of Massachusetts, and Brooks, of Colorado, have got the case before the Supreme Court of the United States on a writ of error and the prisoner was not hanged today.

DRINKING infected milk is what causes such enormous loss of human life annually from tuberculosis, in the United States, according to Dr. C. E. Schroeder, chief of the bureau of animal industry of the Agriculture Department. He says he is fully supported in his position by the finding of eminent scientists. He views as harmful the impression that the ravages of the "white plague" are due to breathing dried sputum and says: "The government would be amply justified in levying a special tax in order that every cow should be tested for tuberculosis, killed if found infected, and the owner recompensed."

IT IS now estimated that the Panama Canal will cost not less than $600,000,000 for its completion. The original estimate of $130,000,000 for its ultimate cost is already exceeded. But what is that, asks the Philadelphia Record, when the Philippines have already cost nearly $400,000,000 to the conqueror and are likely to cost as much more without the prospect of any substantial return for the expenditure!

IT IS "officially" announced that after an unsuccessful attempt Mr. Walter Wellman has given up trying to reach the North Pole by balloon this year. Mr. Wellman's failure was known long ago. His expedition was but an advertisement for a Chicago newspaper and it is doubtful if he ever really attempted to reach the pole or if he will ever make the attempt.

THE report of the condition of one hundred banks in Virginia at the close of business on Thursday, August 22d, just made public, shows total resources and liabilities amounting to $105,647,898. Loans and discounts amount to $65,348,050, and individual deposits to $57,886,904. The total capital is $12,175,800. This is a most gratifying exhibit, showing a healthy condition of business affairs in the State.

FORMER AMBASSADOR LUKE WRIGHT says the Japanese characterize the talk of war between the United States and Japan as "not even respectable nonsense." The Japanese are entirely right, but the majority of the people of this country now seem to incline to nonsense.

THE expenses of the trip of Secretary Taft around the world will amount to about $2,500, and will be paid by the War Department. It is nice to be a government official now-a-days.

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, Sept. 14.

Attention of the State Department officials was called today to the beginning of a suit which may develop into a scandal of consequence and prove annoying to a branch of the federal government. Ex-Judge H. S. Reilly has begun action in New York city to recover from Frank Steinhart, until recently U. S. Consul General at Havana, money alleged to be owing by Steinhart on an option for the purchase of an electric railway in Santa Clara province. The deal is alleged to have been made during the time of Steinhart's official service. The rules of the State Department prohibit consuls general from engaging in private business. Inquiry now developes that Steinhart has openly violated the rule. His friends declare his operations were fully known to Assistant Secretary of State Bacon. They say he had proved such a capable official and had so endeared himself to Assistant Secretary Bacon and Secretary of War Taft that his resignation, tendered January 1, was withheld and Steinhart prevailed upon by these officials to remain until the end of the fiscal year, June 30. Steinhart wanted to devote his exclusive service to Speyer Brothers of New York and the Havana Railway Company which he had been representing. The suggestion that the purchase of church property in Havana for the use of the Cuban government may be brought into question as a result of Judge Reilly's suit is not regarded seriously here. This purchase which was for $1,387,083—not $2,000,000 as stated—was made by Secretary Taft after the most careful investigation and after the church authorities had refused a third annual extension of an option, because a steamboat company stood ready to buy the Custom House site at a big advance. Steinhart went to Cuba as commissary clerk under General Leonard Wood during the first American occupation.

Private Wm. Foster, of the 15th Cavalry, U. S. A., has been attacked by yellow fever at Cienfuegos, Cuba. This is one of seven new cases of "yellow jack" which developed at that place Thursday and yesterday, the other victims being Spaniards. Foster's case is believed to have been protracted in town and the governor says it does not indicate an infection of the army camp. There is also one new case of fever at Alacranes and another at Neuva Paz.

General weather conditions appear to be most favorable. Except showery in the south Atlantic, the eastern half of the country is enjoying clear and cool temperature. The low pressure in the West is not causing precipitation of any consequence. Frost is visiting in north Dakota and Montana and promises to extend the scope of his travels.

Details of the first military hanging in the Philippines, that of Sergeant Wm. Taylor, company M. Twenty-fourth infantry, have just been received at the War Department. Taylor, after twenty years in the army, murdered Lieutenant Robert M. Calvert, his commanding officer. A member of the sergeant's company owed him $4. Taylor gave him a few hours to pay up and then started after him with a gun. Lieutenant Calvert tried to dissuade him from his murderous plans and finally remarked: "Sergeant, you are trying my patience." "Yes and you are trying mine" came the answer, with a bullet from Taylor's pistol. Calvert dropped dead. The death sentence of the court martial was approved by President Roosevelt. The papers were returned to the department commander for execution. With a command of troops the prisoner was marched several miles and there on the scaffold, built over the spot where Lieut. Calvert was shot, Taylor was hanged.

Consul R. E Mansfield of Lucerne, Switzerland, reports that there are 40,000 Americans motoring on the continent. He averages the expense at $10 a day for each person, making the total daily expenditure in Europe of $400,000. At this figure Americans will leave behind in Europe in the two months usually spent on the continent over $12,000,000.

Secretary Metcalf in reply to the criticisms of those who object to the sending of the fleet from the Atlantic to the Pacific coast because of the work that will be lost to the Atlantic yards, says the navy is not being maintained for any classes or interests.

Conditions in Vancouver.

Vancouver, B. C., Sept 14.—More serious race troubles than any thus far are likely unless Premier Laurier and Baron Ishii agree at Monday's conferance regarding the limitation of Japanese immigration. The conference was arranged to show unionists the government is acting in their behalf. Special agents will also be sent from Ottawa to investigate conditions in various cities.

The fact that 500 homeless Hindus are wandering the streets today, a subject for the gibes of all unionists, makes the situation decidedly ticklish, and assaults upon them are liable at any moment. The city council last night turned down a request from the Hindus for a place to sleep, as the cold weather make it dangerous for them to sleep out of doors. Mayor Bethune has telegraphed the federal authority for permission for the Asiatics to occupy the Dominion drill hall until accomodations can be reserved.

A small riot occurred in Chinatown last night when McGregor was badly beaten by Chinese.

Threats of a general strike throughout Canada unless Oriental laborers are forbidden admission to the country is worrying the authorities. Concern is all the greater because it is expected the dominion trades counsel at their meeting next week will demand that the treaty with Japan be nullified so far as it gives Japanese the right to enter on the same footing as whites.

Ottawa, Ont., Sept. 14.—Sir Wilfred Laurier has notified the authorities that a special inspector has been sent to investigate the status of the nine hundred Hindus landed there yesterday destitute. They will likely be deported.

Earle and His Affinity.

Paris, Sept. 14.—Ferdinand Pinney, Earle may have to wait some time before he can wed his "Affinity," Miss Julia Kuttner, for whom he cast off his wife and child, shipping them back to Mrs. Earle's family here. The discarded wife announced today that she will not institute the divorce proceedings for which Earle is longing immediately. Mrs. Earle reached this decision after a long consultation with her father, Mr. Fischbacher, a well-to-do publisher. In announcing her decision she states that it would be necessary to wait until certain papers are forwarded from America to begin the suit.

Lipton's New Challenger.

Glasgow, Sept. 14.—Wm. Fife, the noted yacht designer, will design plans for Sir Thomas Lipton's new challenger Shamrock IV. This does not mean necessarily that he will be the successful designer. It is the impression here that Sir Thomas' plans to build two or prehaps three yachts, race them against each other, and send the winner to America. Alfred Mylne and Arthur Payne are reported to have already submitted plans for yachts.

Denny Bros., of Dumbarton, are expected to build the yacht.

A Generous Bequest.

New Haven Conn., Sept. 14.—Prof. Russell H. Chittenden, director of the Yale Sheffield school, announced to-day a gift of $150,000 from Mrs. Oliver, of Pittsburg, Pa. The gift is for a new recitation or lecture hall as a memorial to Mrs. Oliver's son, Daniel Leet Oliver, a former Sheffield student. Young Oliver was killed in an automfbile accident during the Yale commencement last June.

CHOKED TO DEATH.

A joking remark about knowing the best time to visit his friends cost the life of Thomas Ramsey, of Chicago Thursday night. A piece of beefsteak which he was eating caught in his windpipe as he laughed at the reply of his hostess and he died quickly. Ramsey was an expert machinist. He went to call on Mr. and Mrs. John Richards, old friends, just as the family was sitting down to the evening meal. "Well, I'm just in time for a meal," shouted Ramsey as he entered the doorway. Mrs. Richards told him to sit down at the table, and he had just taken the first morsel of meat when here marked: "Tell me I don't know the best time to visit my friends, eh." "You certainly do," replied Mrs. Richards. "I believe you were born under a lucky star. You are always in time to eat with us." This caused Ramsey to laugh, and the laugh ended in a choking fit. Mr. and Mrs. Richards went to his assistance, pounded him on the back and sought in other ways to aid him. Then physicians were called, but Ramsey died. He was 62 years old.

A Mixed-up Case.

Chicago, Ills., Sept. 14.—Judge Cleland has given up trying to solve Miss Tillie Nolan's identity, and dismissed the case.

Several years ago John Klimovicz saw Tillie Nolan on the street and embraced her. She had him arrested. Klimovicx maintained she was his wife. She declared she never saw him before. In the trial Klimovicx produced his mother-in-law and sister-in law, Mrs. Mary Zemales, and her daughter, of Grand Rapids. Miss Nolan produced mother and father, Mrs. Oscar Tolano, of Chicago, and Rev. Erickson of Escanabo Mich. Mrs. Zemales and her daughter embraced Miss Nolan in court and called her "sister and daughter." Mr. and Mrs. Nolan declared the others were either badly mistaken, crazy or parties to a plot. Rev. Erickson identified the young woman as the Tillie Nolan baptized in his church and Henry Hammerston declared that during the time Klimovicz charges he was married to her in Grand Rapids. he was courting Mils Nolan in Chicago. Klimovicz left declaring he would employ private detectives to prove his claim to the girl. He contends he will bring into play as a final proof the evidence of a mole on the young woman's shoulder. Miss Nolan declares she has no such mark, and a woman writer who made an examination corroborated her.

Will Exterminate Outlaws.

Havana, Sept. 14.—Wounded and deserted by most of his followers Calderon, one of the most notorious bandit chieftains Cuba has ever known, is trying to rally his scattered band of outlaws before the organization is completely broken up by the victorious Rurales under Captain Mayato.

While completely successful in his recent engagement with Calderon's forces Mayato has asked for reinforcements that he may exterminate the entire body of cut throats.

The outlaws were surprised in camp on Euvado Hill and although they fought desperately lost twenty or thirty men. About two thirds of their entire number is killed and wounded. The Rurales' loss was about a dozen. Seven of the bandits were captured and are in jail awaiting trial. Calderon had a hair breadth escape and has thus far eluded the Rurales, though he has been in several places since the fight. He was in the Revolutionary army in 1906 and still professes to be commanding a force of revolutionists against United States domination.

Robbers' Lair.

Lisbon, Portugal, Sept. 14.—Through today's round up of a gang of desperadoes and the discovery of their lair, a miniature catacombs in the suburbs of Lisbon, it is believed the mystery surrounding scores of crimes and dozens of disappearances will be cleared up. The bandits' trial is expected to prove one of the most startling criminal proceedings of modern times. In the catacombs were found eight partly decomposed bodies. They are believed to be the remains of the "mysteriouly disappeared" victims. A search of the hiding place offered evidences that it had been used as the headquarters of murderers for years. It is believed that after robbing their victims, the thieves killed them and placed the bodies in the secret caves and tunnels. When the police visited the place a dozen men were surprised. They offered desperate resistance but were overcome.

Alleged Theft on High Sea.

New York, Sept. 14.—John Talcott, describing himself as a college student of Cleveland, is under arrest today on a charge preferred by H. F. Barber of Winnetki, Ills., who accuses him of taking nine American Express money orders of $20 each and some coins, valued at $150. Arrest was made on the arrival of the steamer Celtic on which Talcott and Barber were cabin mates. As the alleged theft was committed at sea, the formal charge of bringing stolen goods into the country was made against Talcott. The police claim they found the express money order in Talcott's hat and the jewelry in a kodak he carried. Talcott said he had hurried home from Europe to return to college. He and Barber came in the third cabin, explaining they could not get first-cabin passage until November because of the homeward rush of tourists.

Vice President Interviewed.

Indianapolis, Ind., Sept 14.—Vice President Charles W. Fairbanks today gave to the United Press what is probably his first political interview—certainly his first since he has been in the lime light as a presidential possibility. Vice President Fairbanks believes that public officials from president down should keep in touch with the masses. The highest interests of the American people are common interests "We must go up or down together. Labor's interest in making of our welfare is greater than capital's. The man is dull indeed who believes the people waking up to their rights and wrongs can be smothered. No one can rightfully reproach President Roosevelt for his prompt enforcement of the laws. Prosperity is the parsmount issue; there is always enough hard times to go around."

Battle on Shipboard.

San Francisco, Cal., Sept. 14.—With a dozen of its 150 Oriental passengers suffering from wounds so serious that a number of deaths are expected, and a dozen more in irons in the brig, the bark Electra reached port today after a voyage of almost continual battle between 150 Chinese and Japanese hands taken on board at Mushagak, Alaska. The fighting between the two nationalities begun almost before the Electra got to sea and continued unintermittently until port was reached.

New York Stock Market.

New York, Sept. 14.—There was a show of irregular strength in the early trading and the upward movement in progress was continued for a short period in the first hour, gains being made ranging from small fractions to about 1 point in nearly everything traded in. Just as a strong tone seemed established, the report came of the offers of Lake Copper at 16¼ by the United States Metals Selling Co. The trading element received the announcement with consternation and hurried to sell all the stock they had previously bought, starting a quick reaction, which was helped along by renewed liquidation in Amalgamated and American Smelting.

ALEXANDRIA DAY.

The ideal weather has drawn many people to Luna Park today, and it is believed equally as many more will avail themselves of the opportunity of spending a few hours at the resort after dark. As has been stated, the proceeds are to be devoted to the Alexandria Hospital. The park will be closed after tomorrow, and all who may not have the inclination to patronize the place on Sunday will be afforded the last opportunity of the season to enjoy the many attractions of Luna Park, as the resort will not be reopened until next May.

DOG KILLING.

A number of dogs have recently been killed by certain irate residents of the extreme southwestern section of the city. The canines are charged with stealing and devouring chickens. Neither chloroform nor baseball bats have been used, but shotguns. Last night a householder, who was on the lookout for predatory dogs, saw one coming from his chicken house with a hen in its mouth. A load of shot brought the career of the trespasser to a sudden close.

There was another abundant supply of country produce in market this morning. Prices remained at former quotations.

POLICE COURT.

[Justice H. B. Caton presiding.]

There have been but few cases before the Police Court during the past few days.

Rufus Robinson, colored, was arrested yesterday charged with disorderly conduct. He left collateral for his appearance this morning, but failed to appear when his case was called and forfeited the deposit.

Ferdinand Patton, an old patron of the court, was arraigned under the vagrant act. Patton is a mute, and his defense was made with his fingers. Justice Caton, who is an adept in the sign language, conducted the case pantomimically for several minutes, and then announced that the delinquent had been sentenced to jail for ten days Patton used his fingers in an earnest manner in attempts to impress upon the court the fact that he was desirous of being served with breakfast.

The last case was that of a young man living in the southeastern section of the city, who was charged with assaulting a boy. The evidence showed that no assault was intended, and that the parties were playing. The accused was dismissed.

OPERA HOUSE MONDAY NIGHT.

The biblical drama, "The Holy City," will be presented at the Opera House Monday night by Clarence Bennett and his large company, and it will be one of the best shows that will be seen here this season. This play has been heartily endorsed by the press and public in nearly every important city in the country. Mr. Bennett will essay the roles of John the Baptist and Judas, the traitor, and judging from his acting the last time he was seen in this city (in the Royal Slave) he will give an excellent portrayal of the two characters. Miss Edna Marshall will be seen as "Salome," Harry Arnold as Herod, King of Galilee; W. B. Courtwright as Nicodemus, a Pharisee; Mrs. Siebke as Mary Magdalene, and John B. Vaughan as Pontius Pilate. The show is in four acts and eleven scenes and the costumes are said to be beautiful. A feature of the performance will be the "Dance of the Seven Veils" by Salome.

LUNA PARK GUESSING CONTEST.

The Luna Park electric light guessing contest was brought to a close Labor Day, and, after a careful count, it was found that the coupon signed by Mrs. F. G. Fontaine was the winner of the $500 prize. Mrs. Fontaine resides in Cambria Apartments, in Washington, and her calculative propensities prompted her to mark 11,243 on one of the guessing coupons, which turned out to be the exact number of bulbs used in the park for illuminating purposes. Guesses were made by people from every section of the country. Some guesses were unreasonably below the mark, while others were inconsistently above it. Fortunately for Mrs. Fontaine there was no tie, and the next closest guess came from a man in Philadelphia, who estimated just seven above the exact amount.

BIRTHDAY PARTY.

A very pretty party was celebrated last night at the residence of Mrs. Chas. Potter, the occasion being the sixth anniversary of the birth of her daughter, Helen. During the evening refreshments were served and a delightful time was spent. Among those present were: Misses Florence Anderson, Ella Keene, Agnes and Dorrice Hayden, Alice Ale, Phoebe Goodrich, Edith Potter, Ruth ...hal Potter, Lillie Cradlin, ... Phillips, Edna ...s Pelton and ...gton; Masters ...ayden, Milton Raymond Pevton Arrington, ..., Samuel Keene, Kenneth Forres... ...dus Phillips, Asa Mahoney and Milton Jett, of Washington.

ADVERTISING THE EXCURSION.

During the past thirty-six hours many people have had reason to believe that a locomotive had strayed from Union street and was proceeding leisurely through other thoroughfares of the city. Upon investigating, however, they were surprised to see the Alexandria Hospital ambulance converted into an advertising vehicle with letters on the sides announcing Alexandria Day at Luna Park. A bell about as large as those used on locomotives was being rung incessantly. The ambulance has invaded every quarter, and has been on the go night and day. By this time but few people in the city are ignorant of the fact that this is Alexandria Day.

EXPLOSION ON LAUNCH.

As the result of a gasoline explosion aboard the launch Erma, moored in the river off Cumberland's boathouse, Washington, last night, Raymond E. Halliday is in a serious condition at the Emergency Hospital, suffering from numerous burns about the hands and head. Although the exact cause of the accident is not known, it is thought that it resulted when a match was lighted in the vicinity of a leak in the gasoline feed pipe. The Erma is a power-cruising launch, about 40 feet in length, and fitted with a half cabin.

RIVER NOTES.

The steamer Montauk, from Norfolk, passed up about 9 o'clock last night. She passed this city on her down trip at 8:25 this morning. The Montauk made no stop here.

The schooner Mason, loaded with lumber by H. K. Field & Co., has sailed for Mattawoman.

The schooner Harriet P. Ely, from Smith's creek with canned goods to J. H. Crilly, has arrived.

BOYS FINED.

John Jeffries, William Harrison, Andrew Williams and another boy named Cornell were arrested today by Constable Payne in Fairfax county charged with throwing stones at a cow belonging to Mrs. Eliza Carter. The accused were taken before Justice Triplett and made to pay $2 25 each.

DIED FROM HIS INJURIES.

Mr. Michael Rosenheimer, an old, well-known and esteemed resident of lower Fairfax, fell from a barn he was engaged in shingling near Lorton a few days ago and later died from his injuries. The deceased was at one time an attendent on the Alexandria market.

Trial Catarrh treatments are being mailed out free, on request, by Dr. Shoop, Racine, Wis. These tests are proving to the people—without a penny's cost—the great value of this scientific prescription known to druggists everywhere as Dr. Shoop's Catarrh Remedy. Sold by E. S. Leadbeater & Sons.

MR. MACHEN EXPLAINS.

When asked about the result of the election Mr. Machen said this afternoon: "I understand the committee has held an inquest and officially pronounced me a dead one. The proximate cause of the accident appears to have been the fact that Mr. Thornton got more votes than I. Now, if the corpse may revive sufficiently to make a remark, I would say that I have been defeated before and will no doubt be defeated many times again. The people cannot be expected to show good taste every time. But after a number of such experiences they do not seem so unpleasant and may in fact become thoroughly enjoyable. The first defeat is like one's first glass of beer—somewhat bitter—but the others are not so bad. Seriously, the sympathy of one's true friends is worth more than all the offices in the world. I appreciate, more than words can say, their loyal efforts in my behalf on Tuesday. It is said that no honest effort is wasted, but is bound to result in good to somebody in some way at some time. Let us hope this may prove true."

HOSPITAL BENEFIT.

The beautiful weather and eagerness of the children and grown folks to spend the last week day at Luna Park has enlivened the scenes around the electric railway stations today. Several thousand children are spending the afternoon at the park and tonight the party will be added to by as many grown persons. As heretofore stated the entire gate receipts and one-third the car fares will go direct to the hospital fund. It is earnestly hoped that many will avail themselves of this opportunity to contribute to one of our most cherished institutions. Tonight Celfo's band will give their usual concerts, with special selections, in the music shell.

SATURDAY EVENING, SEPT. 14, 1907.

A JAPANE-E VIEW.

In the Tokio Hochi yesterday evening Count Okuma contrasts the anti-Japanese disturbances at San Francisco with the Vancouver riot briefly as follows:

"The latter occurrence must not be placed in the same category as the former. The San Francisco authorities, directly or indirectly, countenanced the acts of the rioters, while the municipal government was a center of corruption, almost a state of anarchy prevailing. I liken the San Francisco riot to the Boxer outbreak. President Roosevelt's attitude at first was very fair and admirable, but after his conference with a delegation from San Francisco a change came which sadly disappointed us. The Vancouver incident was quite different. It was an outrageous act, limited to laborers and unsupported elsewhere. The local authorities sincerely did their utmost to suppress the riot and protect our countrymen. They even went so far as to give permission to our compatriots to take measures of self-defense. The sincerity, as fully evidenced, of these really worthy local authorities of our ally in their effort to protect our rights make us confident of effecting a satisfactory solution of a deplorable situation."

Had Tetter for Thirty Years.

I have suffered with tetter for thirty years and have tried almost countless remedies with little, if any, relief. Three boxes of Chamberlain's Salve cured me. It was a torture. It breaks out a little sometimes, but nothing to what it used to be.—D. H. BEACH, Midland City, Ala. Chamberlain's Salve is for sale by W. F. Creighton & Co., and Gibson & Timberman.

A Humane Appeal.

A humane citizen of Richmond, Ind., Mr. U. D. Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more live than all other throat and lung remedies put together. Used as a cough and cold cure the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness, and phthisic, stops hemorrhage of the lungs and builds them up. Guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

Stomach troubles, Heart and Kidney ailments, can be quickly corrected with a prescription known to druggists everythere as Dr. Shoop's Restorative. The prompt and surprising relief which this remedy immediately brings is entirely due to its Restorative action upon the controlling nerves of the Stomach, etc.

A weak Stomach, causing dispepsia, a weak Heart with palpitation of intermittent pulse, always means weak Stomach nerves or weak Heart nerves. Strengthen these inside or controlling nerves with Dr. Shoop's Restorative and see how quickly these ailments disappear. Dr. Shoop, of Racine, Wis., will mail sample free. Write for them. A test will tell. Your health is certainly worth this simple trial. Sold by E. S. Leadbeater & Sons.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world.
